

Microsoft Teams

Application

The software (MS Teams and also all other Office 365 apps) is accessible via web <https://www.office.com> (or specifically <https://teams.microsoft.com>) and also via mobile application (available in Google Play and Apple Store). It is the most intended way of use...

After you log into <https://teams.microsoft.com> web, there is also offer of downloading an application for desktop. It should be installable without admin (elevated) privileges. Application is only necessary if you want to use real-time communications support (audio, video, and content sharing) for team meetings, group calling, and private one-on-one calls.
